

## American Rescue Plan Act Use of Funds

With the passing of the American Rescue Plan Act, the school will be awarded an additional \$629,498 of Esser Funds over the next few years. The tentative plan for the use of funds are as follows...

3 years of Salary/Benefits for School Psychologist

3 years of Wages/Benefits for Nurse Aide

Replacing Carpet in classrooms throughout the school

3-year Preventative Maintenance Program for HVAC System

Air Purifiers for Classrooms and Office space throughout the school

5 Smart Boards for the Elementary

As stated above, this is a tentative plan and can be changed. If you have ideas for the use of these funds, I would love to hear them! Please give Wade Adler a call at the school and set up a time to visit!
